Nurses Corner

Vision and hearing screenings will begin next week in the health office. Please contact Nurse Mudge @ 781-319-3985 if you have any concerns or questions about the process. Only abnormal findings will be reported directly to parents.

Head lice continues to be of concern, early detection and prevention are key to combating this issue. Please be vigilant in checking your child's head/hair daily. It is also strongly recommended to keep long hair tied back and discourage sharing hair care accessories such as brushes & hats.

If your child is in the 4th grade and you have not done so already- please remember to submit an up to date physical exam and immunization report.
