The Department of Elementary and Secondary Education conducted a Coordinated Program Review of our Special Education, Civil Rights, English Learner Education and College, Career and Technical Education. The final report includes detailed findings for requirements whose implementation the CPR Team found to be commendable, as well as for requirements found to be less than fully implemented.

The district must make these finding available to staff, parent advisory groups and the general public. The following is the link to the Final Report issued by the Coordinated Program Review.
