Important Reminder for Arrival Routine:

It is very important for the safety and wellbeing of everyone during arrival that **no one** gets out of the vehicle on the driver side. Please set up children's safety seats on the passengers side and unbuckle from the inside of the vehicle so all children depart the vehicle on the sidewalk side.

The driveway is narrow and anytime someone exits the vehicle on the drivers side you are endangering yourself and others. Please share this information with everyone within the community and BE SAFE!

The school committee did vote for elementary schools to return with a tentative date of February 22nd. I say tentative because we will be reviewing the metrics around that time and consulting with the Dept. of Health to determine if at that time it is appropriate to return. That being said do your part and follow the safety protocols to help us return.

More information about the return plan will be forthcoming .

DWS Gets Ready To Celebrate Read Across America Day! Friday, February 26, 2021

Oh, The Places You'll Go, When You Read!

This year's theme for DWS's Read Across America Day, 2021 combines the themes from *Oh, the Places You'll Go* by Dr. Seuss and *Fauja Singh Keeps Going, The True Story of the Oldest Person to Ever Run a Marathon* by Simran Jeet Singh. Students and staff all received an at-home project this week where they have been asked to complete a "bucket list" about the places you'd like to go and/or the things you'd like to do before you turn 108 years old! (like the marathon runner, Fauja Singh)

Here is a link to the Fauja Singh book if you would like to watch it being read aloud.

Responding to Your Child's Emotional Needs During COVID

Hosted by MPSD Special Education Parent Advisory Council (SEPAC)

When: Wednesday, February 24, 2021 at 6:30pm

Where: Zoom (link to be sent the morning of the meeting)

Topic: Responding to Your Child's Emotional Needs During COVID

Presenters: Beth C. Hein, LICSW and Joanna Silverman M.Ed. of Pilgrim Area Collaborative

Parenting is a difficult job, and it is even harder with the pressure that has been put on families over the last year. Many families are concerned about the emotional health of their children and the stress they are facing as they navigate life during a Pandemic. In this virtual workshop, we will discuss how stress impacts children and will provide practical strategies caregivers can incorporate to support stress tolerance and emotional health during this time.

Please click [HERE](#) to RSVP. A meeting link will be sent to pre-registered participants on the morning of the presentation.
