From The Principal:

As we continue with the Hybrid model please understand that when we were developing this plan we also developed plans in collaboration with the Department of Health to manage any cases that may arise. The plans that we developed have been put into action and we have been able to minimize the impact on our learning community. We will continue to implement our safety protocols and collaborate with the Department of Health to be sure our learning environment is safe. Thank you for your continued communication and support.

We have some more good news! During the PTO meeting on Monday night the PTO allocated \$500 to Mr. Patota to purchase outdoor recess equipment. They also allocated money to each classroom teacher to purchase individual materials for indoor recess. Thanks to the PTO for their generosity!!

Have a great, restful and well deserved long weekend!

ASPEN FAMILY PORTAL

The Marshfield Public Schools will now be using workflows in the Aspen Family portal to complete the "back to school" emergency contact forms that have traditionally been done on paper. Parents/guardians will need to use their Family accounts (not Student accounts) to complete the "Student Information Update" workflow for each student, and the "Parent Information Update" workflow for themselves. Family account information was emailed to parents and guardians over the summer but is also included at the end of this email. If you are unable to log in, please contact aspen@mpsd.org.

We appreciate your prompt attention to this important matter in the interest of the safety and security of our students. Please click the following link to view additional information and instructions.
