

Attention: Special Education Directors

Please help us recruit families for

CIRCLE-T (for typical sibs)

This exciting, unique program on the South Shore supports children whose siblings have a significant special need.

And it's FREE!

WHO: Children, six to fourteen years, come with their parent, enjoy a pizza supper, and maybe, for the first time, join other 'typical sibs' who face similar joys and challenges of living with a sibling with special needs.

WHEN: (meets every other week for 8 weeks, October-Jan)

WHERE: House of Prayer, Hingham (Rte 228)

HOW: It's easy to refer a student and his/her parent to CIRCLE-T. You, your SEPAC president OR the interested parent can simply send an email to:

info@joannasplace.org

For more details or questions, feel free to call me at 617.921.4008.

Space is limited so please, forward this to your SEPAC president and interested families today! You will have helped a child develop and master coping skills that will serve him/her for a lifetime! Thank you!
